

The Academy of Sports & Health (ASH) Centre *Centre For Our Community!*

THE MASTER PLAN

The Academy of Sports & Health Centre is providing opportunities for the FORT WAYNE COMMUNITY through Academic, Sports, & Health Initiatives

The Innovative Mission and Vision of the ASH Centre is give synergistic support for those organizations who serve others. The ASH Centre complex is the home site for local organizations to provide quality service to families and youth in ways that have lifelong impact.

The ASH Centre's collaboration with service organizations in the community creates change and connections that impact lives. This approach has been the backbone of success since 2003 for the ASH Centre project and is truly making a difference right here in Fort Wayne!

The facility is a 26-Acre Campus located in the near South West side of Fort Wayne. The ASH Centre contains an Outdoor Sports Complex which will house the future World Baseball Academy as well as the Home Field of the University of Saint Francis, creating phenomenal cross-cultural connections and educational opportunities. Also in the plans is a Miracle Field, an outdoor complex with a synthetic field for future Special Needs Athletics.

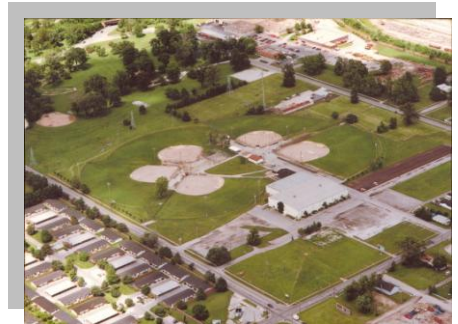

In addition to the outdoor facilities, the ASH Centre is also a 40,000+ square foot indoor complex that holds Health and Wellness Initiatives for youth, seniors and other wellness programs for our community.

The Indoor Complex houses

- a Field House
- an Adult Day Care facility
- offices for the World Baseball Academy and for the ASH Centre
- Senior Walking/Wellness Program.

Future plans for the Indoor Complex include

- our Community Centre for community Health and Wellness Initiatives
- a Senior Support Centre
- a Senior Internet Cafe
- upgraded Field House
- meeting and support rooms for a variety of health and wellness programs

All of our present programs and future plans, both programming and capital improvement, represent a synergistic approach to connecting and collaborating within the not for profit community of Fort Wayne. The diversity of the ASH Centre Project offers innovative opportunities in the fields of Youth Outreach, Senior Support, Cross-cultural Connections, and Not-for Profit Collaborations. The primary focus of the ASH Centre Campaign is to bring new vitality to a section of Fort Wayne that has need of visionary outreach.

BEING A PART OF THE ASH CENTRE CAPITAL CAMPAIGN CREATES AN OPPORTUNITY FOR PARTICIPATION, EDUCATION AND COLLABORATION IN THE FORT WAYNE COMMUNITY: A CHANCE FOR US TO GIVE BACK TO OUR COMMUNITY AND HAVE AN IMPACT ON THE LIVES OF YOUTH, SENIORS AND THOSE WITH SPECIAL NEEDS!
